FOR JUSTICE OF THE PEACE.

First District—William N. Howe.

It is with especial pleasure that THE LEDGER records the appointment of Hon. SAM J. ROBERTS of Lexington as Collector of the Seventh District of Kentucky. It was

Samuel J. Roberts, the good fortune of the writer to be associated for some months with Mr. ROBERTS in the conduct of his most excellent newspaper, The Kentucky Leader, and it affords us no small degree of pride to speak of him as one of the most genial gentlemen we ever met.

Mr. ROBERTS is a born newspaperman; and after an extended experience on the press at his home in Canton, O., and subsequently in Cleveland, he came to Kentucky early in 1888 and established what was then the only daily Republican newspaper in the state, choosing the bluegrass capital for his field. His ability, his uniform courtesy and his thorough knowledge and application soon made for his paper a reputation second to none in the state, and from the very beginning it wielded, and continues to wield, a powerful influence for good.

Raised in the same city with Major McKinley and enjoying his warm personal friendship, it was but natural that Mr. ROBERTS should prefer him to any other prominent American for the Presidency of the Nation, and he has always looked forward to the day when his friend should occupy the White House.

As far back as 1862 Mr. ROBERTS, in an article in his newspaper, openly declared for McKinley for the nomination in 1896, pressing his claims as the most logical candidate for that high office. How well founded his faith was has been fully borne out by the results. It is safe to say that no man in Kentucky did more to advance the Major's interests in this state. It is equally safe to say that Mr. ROBERTS might have had a much more exalted position at the hands of his chief; but

with that modesty characteristic of the man, when approached upon the subject he uniformly declared that if the President should offer him a place he would infinitely prefer the Collectorship at Lexington to any position within the gift of the Executive. His contention was that the office was one of dignity, that the salary was very comfortable and that it would not take him away from home, but that he could remain in Lexington and manage his newspaper without neglecting his public duties. Such being his desire, from the day of McKinley's election it was a foregone conclusion that Mr. ROBERTS would be appointed Collector of this District. It is a small reward for his eminent services; but as it is all he asked it is gratifying to know that his desires have been consummated.

THE LEDGER extends to Collector ROBERTS its heartiest felicitations; and it goes without saying that his administration of the office will be dignified, honorable and creditable in every detail.

RUGGLES CAMPMEETING.

WHAT THE LEDGER SEEKS AND HEARS THERE.

RUGGLES CAMPMEETINGS, July 29th, 1897.

Editor Ledger: Bro. Harrop led the surprise prayer service and we had a delightful meeting. Bro. Walsh led the 10 o'clock experience meeting and there were showers of blessings. Bright testimonies and rich experiences were given. At 10 o'clock a.m. was the Epworth League meeting, and an impromptu program was rendered as follows:

Some beautiful songs by the choir. Recitation by Miss Nellie Jones. "Never Marry a Drunkard," Harry Richardson, cornet solo.

Song by the Junior League. "Keep Step in the March, Keep Step." Miss Anna Dodson, reading. The Master is Coming.

Song by the choir. Miss Stela Bowman, recitation. Miss Anna Dodson, solo.

Miss Lula Walsh, recitation, "The New Cook."

Talks of five minutes by Rev. L. P. Banks, subject, "Spiritual Work." Rev. F. W. Harrop, subject, "Mercy and Help." Rev. H. J. Ramey, subject, "Literature." George N. Harding, subject, "Sociality."

Songs by the choir.

Dr. William Bowman, general remarks. At 1 o'clock children's meeting was led by Prof. Crabe. The children are delighted with him, and it is no trouble to get them to attend. Professor gave them some beautiful blackboard illustrations.

At the 7 o'clock meeting there was a very large congregation. Rev. Parsons from the Indiana Conference preached from Luke, xvi., 31, and Rev. N. G. Grizel followed. There was a deep interest manifested in this meeting after a most earnest appeal by both these brethren.

The Association met today and decided to hold their meeting three Sundays next year.

Some of the arrivals were Wes Lee and George Orr on their wheels and Dr. McCoy, who has come to stay the meeting out.

Tomorrow there is to be a general walking up in the camp. The Preachers will hold an extra prayer service in their tent between the other services, and the tenters are urged by our Presiding Elder Frenger to hold prayer services in every tent possible. Bro. Frenger is never absent from any service, and his whole soul is in the work, and if a few more of us would show the same zeal there would certainly be an awakening in the camp.

Reasons Why Chamberlain's Colic, Cholera and Typhoid Remedy is the Best.

1. Because it affords almost instant relief in case of pain in the stomach, colic and cholera morbus.

2. Because it is the only remedy that never fails in the most severe cases of dysentery and diarrhoea.

3. Because it is the only remedy that will cure chronic diarrhoea.

4. Because it is the only remedy that will prevent bilious colic.

5. Because it is the only remedy that will cure epicalymal dysentery.

6. Because it is the only remedy that can always be depended upon in cases of cholera infantum.

7. Because it is the most prompt and reliable medicine in use for bowel complaints.

8. Because it produces no bad results.

9. Because it is pleasant and safe to take.

10. Because it has saved the lives of many people than any other medicine in the world.

INSTITUTE WORK.

Good Report of the Proceedings of Lewis County.

SOME NOTES OF THE MEETING.

Special Correspondence Public Ledger.

TOLLEBRO, KY., July 28th.

Superintendent Dunbar called the Institute to order at 8:30. Mr. Grinstead led in the devotional exercises.

The query-box was then opened, and for an hour many queer and knotty questions were asked and answered. "Percentage" was then considered by W. R. Henderson, W. E. Darragh and A. E. Stricklett. Considerable discussion was indulged in by many until recess. After recess the subject of Percentage was dropped and "Grammar" was taken up by Miss Fannie Lantz. Mr. Henry Garrett and Miss Jones. Mr. Grinstead took the subject in hand and gave the teachers some practical ideas. After this the Institute took up "Profit and Loss." The subject was discussed by Messrs. Dietrich, Stricklett, Dugman and Grinstead until 12 o'clock, when the Institute adjourned for dinner.

AFTERTHOON SESSION.

Superintendent Dunbar called the Institute to order at 1:30. After music by the choir the query-box was opened and considerable argument was occasioned by the various questions. Mr. Grinstead then took up the subject of the "Infinitive" and occupied the floor until 3 o'clock, when the Institute adjourned to attend a social meeting.

EVENING SESSION.

Prof. Ruggles called the Institute to order at 8:45. The choir rendered several excellent selections. Mr. Grinstead then read a very interesting paper entitled "Teachers and Teaching." Following the lecture the choir gave us another beautiful selection, which was followed with instrumental music by Messrs. Bowman, Stevenson and Burdick on guitar and mandolin. This was followed by a concert by the Misses Owens.

The query-box was opened at this point, but no queries.

Miss Annabelle Lee Toncay rendered "Naughty Zell" in her usual happy vein. More music by the choir, and then the debate, "Which is the Most Beneficial to This Nation, Its Soldiers, Its Statesmen or Its Poets," was the next on the program. Mr. Stricklett having declined to take part, Mr. Dietrich took his place at the last hour and did battle for the poor old soldiers. Mr. Reganstein defended the statesmen while Mr. Dugman plead for the poet. The judges decided in favor of the statesmen.

INSTITUTES.

Mr. Leander Runmans is an interested visitor this afternoon.

Mrs. T. O. Henderson of Needmore was in midtown today.

Mr. J. W. Carr of Poplar Flat was an interested visitor this morning.

Mr. Robt McCull of Vicksburg came over from the Campgrounds today.

Miss Maggie Trimble of Mason county was calling on friends here this forenoon.

The Misses Rhinehart and Sparks of Fearns are in attendance today as visitors.

Messrs. Lou Harrison and Burdette Rhinehart of Fearns are visiting the Institute today.

Mr. and Mrs. B. Pollett are very much interested in school work if their attendance is sign.

Elder T. P. Dugman and wife of Springfield are among the interested visitors this afternoon.

HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates a disease of the kidneys. In the case of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scaling pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp Root is soon apparent. It stands the highest for its wonderful cure of the most distressing kidney trouble. If you need a kidney remedy, you have the best. Sold by druggists; price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention THE PUBLIC LEDGER and your full Postoffice address to Dr. Kilmer & Co., Springfield, N. Y.

The paper guarantees the genuineness of this offer.

James Shropshire, a Shelby county farmer, shot and killed a Negro for assaulting his sister.

Why do Ripley always have a big attraction at the Fair? Because the administration fee is only 25 cents and horses and teams are admitted free, and because she pays good premiums and pays in gold before the stock leaves the ring, and because the Fair is held on the nicest grounds in Ohio.

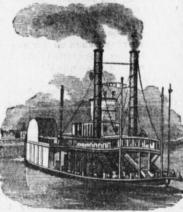

Is spite of the extra travel over the C. and O. during the month of June, its record of the arrival of its passenger trains at terminal points is remarkably good. The F. F. V. limited, leaving Cincinnati at noon, having reached its terminal point twenty-nine times on time, while the Washington express, leaving Cincinnati at 2 p.m., reached its terminal thirty days, or every day, in time. The record of trains from Eastern points is practically the same.

HORSES WANTED.

Mr. Joe Kindig of York, Pa., will be at Mose Dauton & Bro's Stable, Maysville, Ky., on Tuesday, August 24, 1897, and will pay the highest market prices for good, sound horses or mares from four to six years old, well broken and in good health. Bring in good ones and get the money for them. Don't forget the date.

Mr. Reganstein defended the statesmen while Mr. Dugman plead for the poet. The judges decided without further payment. The circuit is closed.

Commissioner Forman, of the internal revenue bureau, has in preparation a circular letter of instructions to collectors in which he states that the maximum rates will be paid to collectors who stamp the stamps prior to mailing. The tariff was in effect during the entire day of Saturday, July 24, brewers who purchased stamps on that day and received the benefit of the rebate of 75 cents will be paid 100 cents. The collector will be paid 100 cents for each stamp he relates to the collector. Stamps purchased prior to midnight of Friday, July 23, however, may be used without further payment. The circuit is closed.

The majestic and elegantly appointed Queen City, the finest steamer of her size at the present in service on Western waters, passed here early last evening for Cincinnati and will return tomorrow for Pittsburgh. A round trip on the Queen City gives rest, acts upon the tired traveler like one in a dream, so perfectly at ease and comfort is he among the richest and most refined surroundings.

The Henry M. Stanley passed up last night with a special excursion to Charlestown, W. Va., and return, giving a five hundred mile trip, with meals and board included, for \$5. Every mile of the beautiful territory passed through is traversed in daylight. The points passed in the night going up are seen in daylight returning. This will probably be continued throughout the summer every Thursday night.

The U. S. Snagboat E. A. Woodruff, Captain W. H. Christian, has accomplished some most excellent work on her recent snagsailing tour between Pittsburgh and Evansville. On the trip 260 miles of them were cleared. The boats were removed from the Ohio river channel, twelve sunken coal barges, boats and parts of wrecks were raised and carried out of the river bed, and over 2,000 cubic feet of rock gathered up and removed to places where they will be out of harm's way. The Woodruff has gone down the river to resume her good service.

The excellent stage of water in the Cumberland, together with the splendid facilities of Commodore Wise's fleet of Memphis and New Orleans steamers, says The Times-Star, toward making close connections at Evansville with the Nashville and Louisville lines. The chief difficulty is the narrowness of the river, which is about 1,000 feet wide at Evansville, and the fact that the river is shallow.

Secretary Long Takes Preliminary Steps Toward

The Creation of a Board of Naval Officers to Ascertain

Cost of Establishing a Government Plant
—Alleged Violations of Filed Cheese Laws—Circular of Instruction to Collectors of Internal Revenue.

WASHINGTON, July 29.—Secretary Long has taken the preliminary steps of organizing a board of naval officers to ascertain the cost of a government armor plant. Two members of the board have been selected, Commodore Howell, commanding at the Naval Station Island, and Capt. McCook, of the Norfolk yard.

Both of these officers are possessed of much technical knowledge and may be said to rank high as experts in the field of warship building. They must not only ascertain the cost of a modern armor plant, but must also take into account the propriety, or rather the necessity, of establishing it in the country where it is forged and before it has cooled once. This is done in the best practice and if it should be held to be absolutely necessary, the government will be obliged to go to Congress for funds to establish its armor plant if it embarks in the business of making armor. The board is to report to Congress at its next session.

Washington, July 29.—The attention of the treasury department and also the agricultural department has been called to alleged violations of the filled cheese law passed by the last congress. A letter from a dealer in Liverpool has been shown together with the cloth wrapped around filled cheese which was sent abroad, showing that the stamping of cheeses has not been carried out as provided by the law. The stamping required by law says that filled cheeses must be stamped with black letters two inches long. The stamps used in the cloth returned from England are in violet ink and scarcely distinct. The dealer in Liverpool says that a great quantity of filled cheese is now shipped abroad and sold as other cheese, as the marking required by the government is done so haphazardly that it is not supposed by the buyer to be filled.

Commissioner Forman, of the internal revenue bureau, has in preparation a circular letter of instructions to collectors in which he states that the maximum rates will be paid to collectors who stamp the stamps prior to mailing. The tariff was in effect during the entire day of Saturday, July 24, brewers who purchased stamps on that day and received the benefit of the rebate of 75 cents will be paid 100 cents.
